Prior to coating, each assembly shall be chemically cleaned and etched in a 5-stage washing system. Which includes alkaline cleaning, rinsing, phosphoric etching, reverse osmosis water rinsing, and non-chrome sealing to ensure corrosion resistance, and excellent adhesion for the finish coating. The finish coating shall be electrostatically applied semi-gloss, super durable polyester powder, baked at 400 degrees for a durable and superior, color retentive finish.

Sternberg has a Five-Year Limited Warranty. See our product and finish warranty guide for details.

All colors shown are approximate and may have a slight variation.
